

2026

Sanctioned

Targets

Sanctioned Target Lists include products from the following companies:

Delta McKenzie Targets

NB: On January 2, 2024, Bigshot Archery LLC announced its acquisition of Delta McKenzie Targets. The acquisition indicates that Delta and McKenzie were, at the time of the announcement, separate entities that were then brought together under the ownership of Bigshot Archery LLC. For this reason, moving forward the range listing will now be recognised under the one title "Delta McKenzie Targets". New codes will be applied where applicable and targets as they become deleted will be highlighted, reviewed and removed from the sanctioned list when deemed appropriate.

Rinehart 3D Targets

Cougar 3D Targets

Wildcrete Targets

Eleven 3D Targets

Always refer to the 3DAAA Target Policy for procedures and rules of setting ranges and use of targets at Sanctioned events.

**Always refer to the course setting rules and policies when setting ranges.
Only level 2+ ranges setters may set ranges on 3D AAA affiliated club grounds.**

NB: The Hen Turkey (all companies) and the Rinehart Pheasant will be removed from the sanctioned target list at the completion of the 2026 season.
